INDEPENDENT AUDITORS' REPORT

Board of Directors Lutheran Ministries of Mercy, Inc. and Affiliates

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Lutheran Ministries of Mercy, Inc. and Affiliates (an Ohio corporation) (collectively, the Organization), which comprise the consolidated balance sheet as of December 31, 2022, and the related consolidated statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the consolidated financial statements (collectively, the financial statements).

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Organization as of December 31, 2022, and the results of their operations, changes in their net assets, and their cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Organization and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Other Matter

The financial statements of Lutheran Ministries of Mercy, Inc. and Affiliates as of December 31, 2021 were audited by Gilmore Jasion Mahler, LTD whose members and professional staff joined CliftonLarsonAllen LLP as of January 1, 2023, and has subsequently ceased operations. Gilmore Jasion Mahler, LTD's report dated September 13, 2022, expressed an unmodified opinion on those statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Organization's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplementary information is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Board of Directors Lutheran Ministries of Mercy, Inc. and Affiliates

Clifton Larson Allen LLP

The December 31, 2021 supplementary information was subjected to auditing procedures applied in the December 31, 2021 audit of the basic financial statements by Gilmore Jasion Mahler, LTD, whose report on such information stated that it was fairly stated in all material respects in relation to the December 31, 2021 financial statement as a whole.

Note 1-Nature of business and organization

Lutheran Ministries of Mercy, Inc. (LMM) is a not-for-profit corporation that was founded in 2013 with the goal of promoting sustainability, improvement, and innovation in the direct service operations of its affiliate organizations, which include Filling Memorial Home of Mercy, Inc., Luther Home of Mercy, Inc., and Lutheran Social Services of Northwestern Ohio, and their respective affiliates. The Code of Regulations for LMM consolidates governance, executive leadership, and other administrative functions while preserving the respective identity of each affiliate together with its existing licenses, certifications, contracts, and foundations. LMM consists of the following organizations:

Filling Memorial Home of Mercy, Inc. (Filling Home) is a not-for-profit corporation founded in 1958. Filling Home's principal activity is to operate a long-term care facility in Napoleon, Ohio, and group homes and day habilitation services in Williams, Henry, and Fulton Counties in Ohio for individuals with intellectual and developmental disabilities. Filling Home controls FMHM Community Living and FMHM Housing Corp. (collectively, FMHM).

FMHM Community Living is a not-for-profit corporation organized in 2006 to provide supported living and day habilitation services for individuals with intellectual and developmental disabilities in a group home atmosphere. Group homes are operated in Henry and Fulton Counties in Ohio.

FMHM Housing Corp. is a not-for-profit corporation organized in 2006 to hold the real property and fixed assets of FMHM Community Living. FMHM Housing Corp. leases the property and fixed assets to Filling Home and FMHM Community Living.

FMHM controls Fulfilling Housing, Inc., Fulfilling Housing II, Inc. Fulfilling Housing III, Inc., and Fulfilling Housing IV, Inc. (collectively, Fulfilling Housing). Fulfilling Housing entities are not-for-profit corporations with the purpose of constructing and operating group homes for physically or developmentally disabled residents. Fulfilling Housing projects were financed in part by the U.S. Department of Housing and Urban Development (HUD) and are subject to regulation by HUD.

Luther Home of Mercy, Inc. (Luther Home) is a not-for-profit corporation founded in 1928. Luther Home's principal activity is operating a long-term care facility in Williston, Ohio, and group homes and day habilitation services for individuals with intellectual and developmental disabilities in Williston, Ohio, and the surrounding area. Luther Home controls LHM Properties, Inc., a not-for-profit corporation organized to hold real property and fixed assets (collectively, LHM).

LHM controls Mercy Outreach Ministries, Inc., Mercy Outreach Ministries II, Inc., Mercy Outreach Ministries III, Inc., Mercy Outreach Ministries V, Inc., Mercy Outreach Ministries V, Inc., Mercy Outreach Ministries VI, Inc., and Mercy Outreach Ministries VII, Inc. (collectively, MOMI). MOMI entities are not-for-profit corporations with the purpose of constructing and operating group homes for physically handicapped individuals in Northwood, Oak Harbor, and Toledo, Ohio, and an apartment complex for the elderly and disabled in Whitehouse, Ohio. The MOMI projects were financed in part by HUD and USDA Rural Development (USDA RD) and are subject to regulation by HUD and USDA RD.

Note 1-Nature of business and organization - continued

Lutheran Social Services of Northwestern Ohio (LSS) is a not-for-profit organization established in 1911. LSS provides social services in areas such as mental health, substance use disorders, financial counseling, food assistance, and other stability programs in Northwest Ohio and Southeast Michigan.

Note 2-Summary of significant accounting and reporting policies

Basis of presentation and consolidation

The accompanying financial statement presentation follows the recommendations of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 958, *Not-for-Profit Entities* (ASC 958), to be in accordance with accounting principles generally accepted in the United States of America. The accompanying consolidated financial statements include the accounts of LMM and its affiliates: FMHM, Fulfilling Housing, LHM, MOMI, and LSS (collectively, the Organization). All significant intercompany transactions and balances have been eliminated in consolidation.

Excess (deficiency) of operating revenues over operating expenses

The consolidated statements of activities and changes in net assets includes excess (deficiency) of operating revenues over operating expenses. Other changes in net assets, which are excluded from excess (deficiency) of operating revenues over operating expenses, consistent with industry practice, include contributions restricted for capital assets, net assets released restricted for capital assets, contributions from supporting foundations and change in interest of net assets of supporting foundations.

Use of estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues, and expenses during the reporting period. Actual results could differ from those estimates.

Cash and cash equivalents

Cash and cash equivalents include certain investments in highly liquid debt instruments with original maturities of three months or less. The Organization maintains deposits in federally insured financial institutions. At times, these deposits exceed federally insured limits; however, management monitors the soundness of these financial institutions and believes the Organization's risk is negligible.

Net service accounts receivable

Accounts receivable from residents and governmental agencies are recorded at the amount expected to be collected. In evaluating the collectability of accounts receivable, the Organization makes an assessment of all amounts that remain unpaid following normal payment periods. In the opinion of management, adequate provisions have been made for any amounts deemed uncollectible for potential bad debts, billing adjustments, and any adjustments that may result from audits and settlements by governmental agencies. The Organization has a significant concentration of its net service accounts receivable due from Medicaid. At December 31, 2022 and 2021, accounts receivable due from Medicaid made up 99% and 95%, respectively, of total net service accounts receivable.

Note 2-Summary of significant accounting and reporting policies – continued

Contributions receivable

Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed annually using the Organization's incremental borrowing rate. Amortization of the discounts is included in contribution revenue.

Conditional promises to give are not included as support until the conditions are substantially met. There are no conditional promises to give in 2022 and 2021.

Resident funds

The Organization maintains various bank accounts for deposits and disbursements for the residents' personal expenses. These funds are assets of the residents. At December 31, 2022 and 2021, the funds totaled \$374,044 and \$543,667, respectively, with a liability of equal amounts shown in the consolidated statements of financial position.

Property and equipment

Property and equipment amounts are recorded at cost. Donated property and equipment is recorded at the estimated fair market value at the time of donation. Depreciation is computed principally on the straight-line basis over the estimated useful lives of the assets. Costs of maintenance and repairs are charged to expense when incurred.

Gifts of long-lived assets such as land, buildings, or equipment are reported as contributions without donor restriction, and are excluded from the excess (deficiency) of operating revenues over operating expenses, unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as contributions with donor restrictions. Absent explicit donor stipulations about how long those long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

Leases

The Organization determines if an arrangement is a lease at inception. Operating leases are included in operating right-of-use (ROU) assets and operating lease liabilities on the consolidated statement of financial position. ROU assets represent the Organization's right to use an underlying asset for the lease term and lease liabilities represent the Organization's obligation to make lease payments arising from the lease. ROU assets and liabilities are recognized at the lease commencement date based on the present value of lease payments over the lease term. As most of leases do not provide an implicit rate, the Organization uses a risk-free rate based on the information available at commencement date in determining the present value of lease payments. The operating lease ROU asset also includes any lease payments made and excludes lease incentives. The lease terms may include options to extend or terminate the lease when it is reasonably certain that the Organization will exercise that option. Lease expense for lease payments is recognized on a straight-line basis over the lease term. The Organization has elected to recognize payments for short-term leases with a lease term of 12 months or less as expense as incurred and these leases are not included as lease liabilities or ROU assets on the consolidated statement of financial position.

Note 2—Summary of significant accounting and reporting policies — continued

Leases – continued

The Organization has elected not to separate nonlease components from lease components and instead accounts for each separate lease component and the nonlease component as a single lease component.

The Organization's lease agreements do not contain any material residual value guarantees or material restrictive covenants.

In evaluating contracts to determine if they qualify as a lease, the Organization considers factors such as if the Organization has obtained substantially all of the rights to the underlying asset through exclusivity, if the Organization can direct the use of the asset by making decisions about how and for what purpose the asset will be used and if the lessor has substantive substitution rights. This evaluation may require significant judgment.

Paycheck Protection Program loans

In March 2020, passage of the Coronavirus Aid, Relief, and Economic Security (CARES) Act established the Paycheck Protection Program (PPP), administered by the Small Business Administration (SBA) to provide forgivable loans to qualifying entities. The Organization has elected to record PPP loans in accordance with FASB ASC Topic 470: *Debt* (ASC 470). The full amount of PPP loan proceeds is recognized as long-term liabilities on the consolidated statement of financial position until the loans are partly or wholly forgiven by the SBA. PPP loan forgiveness income is recognized when the Organization's applications for forgiveness are approved. See Note 9. The SBA may review funding eligibility and usage of funds for compliance with program requirements based on dollar thresholds and other factors. The amount of liability, if any, from potential noncompliance cannot be determined with certainty; however, management is not the opinion that any review will not have a material adverse impact on the Organization's financial position.

Note 2—Summary of significant accounting and reporting policies — continued

Net assets without donor restrictions

Net assets without donor restrictions consist of all the resources and obligations related to the daily operations of the Organization.

Net assets with donor restrictions

Net assets with donor restrictions contain donor-imposed restrictions that permit the Organization to use or expend the assets as specified. The restrictions are satisfied either by the passage of time or by actions of the Organization. Net assets with donor restrictions that are perpetual in nature result from donor-imposed restrictions that limit the use of net assets in perpetuity. Earnings, gains, and losses on net assets with donor restrictions are classified as without donor restriction, unless specifically restricted by the donor or by applicable state law.

Net service revenue

The Organization recognizes revenue from contracts with customers in accordance with FASB ASC Topic 606, *Revenue from Contracts with Customers* (ASC 606). ASC 606 requires an entity to recognize revenue to depict the transfer of promised goods or services in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. ASC 606 prescribes the following five-step model for recognizing revenue, the application of which may require significant judgment: 1) Identify the contracts; 2) Identify the performance obligations in the contract; 3) Determine the transaction price; 4) Allocate the transaction price to the performance obligations in the contract; and 5) Recognize revenue when (or as) the entity satisfies a performance obligation.

The Organization reports net service revenue at the amount the Organization expects to be entitled in exchange for provided individual care. These amounts are due from individuals and third-party payors (including government programs) and include variable consideration for retroactive revenue adjustments due to settlements of audits, reviews, and investigations. Generally, the Organization bills all payors subsequent to services being provided. Revenues are recognized as performance obligations are satisfied.

Performance obligations are determined based on the nature of the services provided by the Organization. The Organization's service revenues primarily represent services that are bundled and treated as a single performance obligation satisfied over time as services are provided.

The Organization determines transaction price based on contractually agreed-upon amounts or rates. The Organization utilizes the expected value method to determine the amount of variable consideration that should be included to arrive at the transaction price. The Organization assesses collectability on all accounts prior to providing the services.

The Organization derives a significant concentration of its net service revenue through participation in the Medicaid program. For the years ended December 31, 2022 and 2021, Medicaid revenue as a percentage of total net service revenue was approximately 97%. Amounts earned under the Medicaid program are subject to review and audit by the third-party payors.

Note 2—Summary of significant accounting and reporting policies — continued

Net service revenue – continued

The continuity of this system is subject to the uncertainty of the fiscal health of the State of Ohio, which can directly impact future rates and the methodology currently in place. Any significant changes in rates, or the payment system itself, could have a material impact on future Medicaid funding.

Laws and regulations governing the Medicaid program are complex and subject to interpretation. Management believes it is in compliance with all applicable laws and regulations and is not aware of any pending or threatened investigations involving allegations of potential wrongdoings. While no such regulatory inquiries have been made, compliance with such laws and regulations can be subject to future government review and interpretations, as well as significant regulatory action, including fines, penalties, and exclusion from the Medicaid program.

The following paragraphs describe the reimbursement systems in place pertaining to certain Organization net service revenue sources:

ICF/IID revenue

Residential services provided at intermediate care facilities for individuals with intellectual disabilities (ICF/IID) are billed through a prospective Medicaid reimbursement system in Ohio, whereby rates for the following state fiscal year beginning July 1 are based upon filed cost reports for the preceding calendar year.

Waiver revenue

The Ohio Department of Developmental Disabilities (DODD) issues waivers for the fee-based reimbursement of services provided for home and community-based services, including supported living and day habilitation services. Reimbursement for individuals served through this waiver program is based on a profiling mechanism which places the individual receiving services into a funding range. DODD determines the rate at which providers are reimbursed for each range of services.

Counseling and therapy

The LSS's principal activity is providing social services in areas such as individual and marital counseling and family therapy and enrichment. Counseling and therapy service fees revenue is recorded at standard billing rates and billing rates less contractual adjustments, which reflects the consideration to which LSS expects to be entitled in exchange for services provided. These amounts are due from clients and third-party payors (including government programs) and include variable consideration for retroactive revenue adjustments due to settlement of audits, reviews, and investigations. Program service fees are billed after services are performed and service revenue is recognized as performance obligations are satisfied.

Performance obligations are determined based on the nature of the services provided. Net service revenues are considered performance obligations satisfied over time as services are provided.

Note 2—Summary of significant accounting and reporting policies – continued

Net service revenue – continued

Opening balances of net service accounts receivable as of January 1, 2022 and January 1, 2021 were \$3,467,291 and \$3,514,312, respectively.

Rental income

Fulfilling Housing and MOMI projects are designated for occupancy by eligible low-income tenants, subject to a project rental assistance contract. The tenants are charged rental amounts based on a percentage of their income, and HUD or USDA RD subsidizes any shortfall from approved rates. Any tenant whose income is above the USDA RD income threshold will pay rent in excess of the USDA RD approved rates; the excess is required to be paid to USDA RD each month in the form of overage payments.

Revenue from rental payments is recognized under the accrual method. Rental payments include subsidy payments, as described above, and are included in income as rent becomes due. Rental payments received in advance are deferred until earned.

Fulfilling Housing and MOMI projects have elected to apply the practical expedient, which does not require contracts be separated between lease and non-lease components.

Lease operations consist principally of operating leases of residential real estate expiring in 2023 in which MOMI and Fulfilling are the lessors. Lease contracts do not include variable lease payments.

Grant and contribution revenue

The Organization recognizes grant and contribution revenue in accordance with ASC Subtopic 958-605, *Not-for-Profit Entities – Revenue Recognition* (ASC 958-605), which requires an entity to determine whether a contribution is conditional on the basis of whether the transaction includes a barrier that must be overcome and either a right of return of assets transferred or a right of release of a promisor's obligation to transfer assets. Unconditional contributions are recognized as revenue when received or promised. Contributions with donor restrictions whose restriction are met in the same year are recognized as contributions without donor restrictions. Conditional contributions, when cash is advanced are recorded as deferred revenue and recognized as revenue in the period conditions are met.

Donated services

No amounts have been reflected in the consolidated financial statements for donated services. The Organization pays for most services requiring specific expertise. However, many individuals volunteer their time and perform a variety of tasks that assist the Organization with specific programs related to resident care and activities.

Note 2-Summary of significant accounting and reporting policies – continued

Functional allocation of expenses

The costs of providing various programs and support services have been summarized on a functional basis in the consolidated statements of functional expenses. Accordingly, these expenses are charged to program, general and administrative, and fundraising expenses based on management allocation. Most expenses, including salaries and related expenses, are charged directly to the program or support cost center benefited at the time of the expenditure and no additional allocation of expenses is required. Other costs are allocated based on the percentage of total salaries and related expenses directly charged to program, general and administrative, and fundraising cost centers. The allocated costs include contract services, utilities, repairs and maintenance, household supplies, insurance, communication, travel and education, minor equipment and office expense, rent, dues and subscriptions, interest, other expenses, and depreciation.

Tax status

All entities within the Organization are not-for-profit entities as described in Section 501(c)(3) of the Internal Revenue Code (the Code) and are exempt from federal income taxes on related income pursuant to Section 501(a) of the Code.

Management of the Organization is required to determine whether tax positions of the Organization are more likely than not to be sustained upon examination by the applicable taxing authority, including resolution of any related appeals or litigation processes, based on the technical merits of the position.

Management of the Organization is not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will significantly change in the next twelve months. However, management's conclusions may be subject to review and adjustment at a later date based on factors including, but not limited to, new tax laws, regulations, and administrative interpretations (including relevant court decisions). The Organization's federal tax returns for the prior three fiscal years remain subject to examination by the Internal Revenue Service.

Note 2-Summary of significant accounting and reporting policies – continued

Adoption of new accounting standards

Contributed Nonfinancial Assets:

In September 2020, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2020-07, *Not-for-Profit Entities (Topic 958): Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets* (ASU 2020-07), which requires a not-for-profit entity to present contributed nonfinancial assets in the statement of activities as a line item that is separate from contributions of cash or other financial assets. ASU 2020-07 also requires additional qualitative and quantitative disclosures about contributed nonfinancial assets received, disaggregated by category.

The Organization adopted the requirements of ASU 2020-07 for the year ended December 31, 2022, applied retrospectively to all periods presented. The adoption of the standard had no impact on the change in net assets for the years ended December 31, 2022 and 2021.

Leases:

In February 2016, the FASB issued Accounting Standards Update (ASU) 2016-02, *Leases*, (ASC 842). The new standard increases transparency and comparability among organizations by requiring the recognition of right-of-use (ROU) assets and lease liabilities on the statement of financial position. Most prominent of the changes in the standard is the recognition of ROU assets and lease liabilities by lessees for those leases classified as operating leases. Under the standard, disclosures are required to meet the objective of enabling users of financial statements to assess the amount, timing, and uncertainty of cash flows arising from leases.

The Organization adopted the requirements of the guidance effective January 1, 2022 and has elected to apply the provisions of this standard to the beginning of the period of adoption with certain practical expedients available. Lease disclosures for the year ended December 31, 2021 are made under prior lease guidance in FASB ASC 840.

The Organization has not elected the package of practical expedients available in the year of adoption. The Organization has not elected to adopt the available practical expedient to use hindsight in determining the lease term and in assessing impairment of the Organization's ROU assets.

As a result of the adoption of the new lease accounting guidance, the Organization recognized on January 1, 2022, lease liabilities of \$17,487, which represents the present value of the remaining operating lease payments discounted using the applicable discount rate, and right-of-use assets of \$17,487.

Subsequent events

The Organization has evaluated all events subsequent to the statement of financial position date of December 31, 2022, through October 20, 2023, which is the date the consolidated financial statements were available to be issued and have determined that there are no subsequent events that require recognition or disclosure.

Note 3-Cash, cash equivalents, and cash restricted as to use for statement of cash flows

The following table provides a reconciliation of cash, cash equivalents, and cash restricted as to use as presented in the consolidated statements of cash flows at December 31:

	2022	2021
Cash and cash equivalents	\$ 1,543,372	\$ 2,234,595
Cash restricted as to use:		
Replacement reserve	344,301	355,075
Tenant security deposits	24,124	22,672
Other escrow and reserve	21,938	21,932
Bank-restricted loan proceeds for construction draws	166,224	889,236
Donor-restricted for capital expenditure	 39,392	 18,476
Total cash restricted as to use	595,979	1,307,391
Total cash, cash equivalents, and cash restricted as to use	\$ 2,139,351	\$ 3,541,986

Replacement reserve

HUD and USDA RD require MOMI and Fulfilling Housing entities to make monthly or annual funding payments to a reserve account. These funds are to be used for replacement of property with the approval of HUD or USDA RD. Payments to this reserve totaled approximately \$54,000 for both years ended December 31, 2022 and 2021. Withdrawals approved by HUD and USDA RD amounted to approximately \$71,000 and \$56,000 for years ended December 31, 2022 and 2021, respectively.

Note 4—Interest in net assets of supporting foundations

FMHM, LHM, and LSS have established separately governed foundations (Filling Home (FH) Foundation, LHM Foundation, and LSS Foundation, respectively) with the purpose of supporting their respective agencies by maintaining and generating private sources of funding and contributions. These proceeds and contributions are used for the direct benefit of their respective supported agencies at the discretion of the foundations' boards of directors.

As these foundations hold contributions and investments for the benefit of their respective supported organization, FASB ASC Topic, *Transfers of Assets to a Not-for-Profit Organization or Charitable Trust That Raises or Holds Contributions for Others*, requires that FMHM, LHM, and LSS recognize an asset (interest in net assets of supporting foundations) equal to the total net assets of their supporting foundation.

The Organization's interest in the net assets of supporting foundations at December 31 is as follows:

	2022	2021
FMHM interest in net assets of FH Foundation	\$ 4,907,843	\$ 5,464,721
LHM interest in net assets of LHM Foundation	7,249,688	8,610,661
LSS interest in net assets of LSS Foundation	4,510,910	4,547,884
Total interest in net assets of supporting foundations	\$ 16,668,441	\$ 18,623,266

Note 4-Interest in net assets of supporting foundations – continued

Each year the Organization's interest in the net assets of supporting foundations is adjusted, and the change is recognized on the consolidated statement of activities and changes in net assets. The change in interest in net assets of supporting foundations for the years ended December 31 is as follows:

	2022		 2021
FMHM change in interest in net assets of FH Foundation	\$	(556,878)	\$ 542,289
LHM change in interest in net assets of LHM Foundation		(1,360,973)	154,331
LSS change in interest in net assets of LSS Foundation		(36,974)	683,006
Total change in interest in net assets of supporting foundations	\$	(1,954,825)	\$ 1,379,626

Accounts receivable from and payable to supporting foundations at December 31 are as follows:

	 2022	 2021
FMHM accounts receivable from FH Foundation	\$ 240,977	\$ 443,466
LHM accounts receivable from LHM Foundation	235,730	 192,117
Total accounts receivable from supporting foundations	\$ 476,707	\$ 635,583
Fulfilling Housing accounts payable to FH Foundation	\$ 244,699	\$ 135,757
MOMI accounts payable to LHM Foundation	10,000	10,000
LSS accounts payable to LSS Foundation	706,221	 310,011
Total accounts payable to supporting foundations	\$ 960,920	\$ 455,768

In addition, included in the lines of credit of the statements of financial position at December 31, 2022 is \$900,000 due to LHM Foundation, see note 6.

Transactions with supporting foundations for the years ended December 31 are as follows:

	2022		2021
FMHM contributions from FH Foundation	\$ 700,000	\$	350,328
LHM contributions from LHM Foundation	1,086,231		1,355,614
MOMI contributions from LHM Foundation	23,748		14,083
LSS contributions from LSS Foundation	148,800		31,000
Total contributions from supporting foundations	\$ 1,958,779	\$	1,751,025
Management services paid by FH Foundation to FMHM	\$ 30,000	\$	30,000
Management services paid by LHM Foundation to LHM	 4,200	Ψ 	4,200
Total management service payments from supporting foundations, included in other operating revenue	\$ 34,200	\$	34,200

Note 4-Interest in net assets of supporting foundations – continued

The interest in net assets of supporting foundations on the consolidated statement of financial position is recorded at the net asset value of the supporting foundations. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification Topic, Fair Value Measurement, are described as follows:

- Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization has the ability to access.
- Level 2. Inputs to the valuation methodology include:
 - a. Quoted prices for similar assets or liabilities in active markets;
 - b. Quoted prices for identical or similar assets or liabilities in inactive markets;
 - c. Inputs other than quoted prices that are observable for the asset or liability;
 - d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The Organization's considers the interest in net assets of supporting foundations to be considered level 3 valued at fair value of the underlying net assets.

			Principal	
	Fair V	alue	Valuation	Unobservable
Instrument	2022	2021	Technique	Inputs
Interest in net assets of supporting foundation	\$ 16,668,441	\$ 18,623,266	Net asset value	Value of underlying assets and liabilities

Note 5-Property and equipment

Property and equipment are summarized as follows at December 31:

		 2022	 2021
Land		\$ 1,640,207	\$ 1,640,207
Land improvements		2,289,321	1,798,850
Building and building improvements		42,792,649	41,201,319
Transportation equipment		2,612,111	2,406,762
Furniture and fixtures		4,931,325	4,761,641
Equipment		8,064,976	7,542,918
Construction in progress		1,830,158	655,456
	Total cost	64,160,747	 60,007,153
Less accumulated depreciation		 42,628,599	 40,531,261
	Net carrying amount	\$ 21,532,148	\$ 19,475,892

Depreciation expense on property and equipment totaled \$2,141,229 and \$1,990,884 for the years ended December 31, 2022 and 2021, respectively.

LHM broke ground on May 18, 2021 for the construction of a new state-of the art kitchen and central storage facility (Ginny's Kitchen), which is included in construction in progress. Ginny's Kitchen was completed in July 2023 and was funded in part by donor contributions and a bank loan (see note 7).

Note 6-Lines of credit

FMHM has a line of credit with a bank for \$300,000 which expired December 2022 and is guaranteed by the FH Foundation. The outstanding balance on the line of credit bears interest at a fixed rate of 4.25%. The balance outstanding on the line of credit at December 31, 2022 and 2021 was \$0. January 11, 2023, the FMHM signed a new line of credit agreement with a bank for \$500,000, maturing in January 2099. The line of credit will bear interest at the prime rate (7.50% at December 31, 2022), and will be guaranteed by the FH Foundation.

LSS has a line of credit with a bank for \$250,000 that is secured by substantially all the assets of LSS and LSS Foundation. The outstanding balance on the line of credit bears interest at a variable rate equal to the bank's prime rate plus 0.25% (7.75% and 3.50% at December 31, 2022 and 2021). The balance outstanding on the line of credit at December 31, 2022 and 2021 was \$155,455 and \$235,000, respectively.

At December 31, 2022 and 2021, included in the lines of credit on the consolidated statements of financial position is a line of credit with \$900,000 and \$0, respectively, outstanding due to LHM Foundation. LHM Foundation has an available line of credit of \$2,000,000, with a bank. The line is used to support operating cash flow needs of LHM. The line of credit is collateralized by all assets of the LHM Foundation and bears an interest rate of 6.12% on December 31, 2022.

Note 7-Long-term debt

The Organization has the following long-term debt at December 31:

	2022	2021
MOMI - Various mortgages payable to USDA RD maturing in 2046 bearing interest at a fixed rate of 3.25%, payable in monthly installments of principal and interest totaling approximately \$420, plus rent overages. Additional monthly installments totaling approximately \$1,200 are deferred until 2036 under the terms of certain mortgage agreements. The mortgages are collateralized by MOMI real estate.	\$ 469,773	\$ 470,899
LHM - Loan payable to a bank maturing in 2036 bearing interest at 4.125%, payable in monthly installments of principal and interest of \$6,715 until 2031, at which time monthly payments will be adjusted to accrue interest at the U.S. 10-Year Treasury rate, plus 2.75%, with a minimum rate of 4.125%. The loan is collateralized by LHM real		
estate.	849,224	886,687
Total long-term debt	1,318,997	1,357,586
Less current portion	47,890	45,970
Less debt issuance costs, net of amortization	14,030	14,640
Total long-term debt, net of current		
portion and debt issuance costs	\$ 1,257,077	\$ 1,296,976

Interest charged to expense, including amortization of debt issuance costs of \$610, was \$60,477 and \$63,606 for the years ended December 31, 2022 and 2021, respectively.

Future maturities of long-term debt are as follows for the years ending December 31:

2023	\$ 47,890
2024	49,893
2025	51,978
2026	54,152
2027	56,415
Thereafter	1,058,669
Total	\$ 1,318,997

Note 8-Paycheck Protection Program loans

During 2020, the Organization applied for and received forgivable PPP loans totaling \$4,380,769. Under the terms of the program, PPP loans and accrued interest are eligible for forgiveness if certain requirements, including the use of proceeds on qualified expenses during the coverage period, are met. The Organization received full forgiveness from SBA in 2021, and recognized \$4,380,769 in other income on the consolidated statement of activities and changes in net assets for the year ended December 31, 2021.

Note 9-Net assets with donor restrictions

Net assets with donor restrictions at December 31 consists of the following:

	2022	2021
LMM - Purpose-restricted: scholarships	\$ 38,797	\$ 41,046
FMHM - Purpose-restricted: operating and program activities	181,578	121,178
FMHM - Purpose-restricted: capital expenditures	139,392	18,476
Fulfilling Housing - Purpose and time-restricted: HUD capital advance	3,012,000	3,012,000
LHM - Purpose and time-restricted: operating and program activities	497,364	135,244
LHM - Purpose-restricted: capital expenditures	62,409	74,669
LHM - Purpose-restricted: kitchen facility construction	583,910	577,383
MOMI - Purpose and time-restricted: HUD capital advance	5,979,300	5,979,300
MOMI - Purpose and time-restricted: City of Toledo capital advance	137,150	137,150
LSS - Purpose and time-restricted: operating and program activities	70,265	54,651
Total - Purpose and time-restricted	10,702,165	10,151,097
LHM - Perpetual in nature: beneficial interest in perpetual trusts	737,139	964,596
LSS - Perpetual in nature: endowment fund	239,478	239,478
Total – Perpetual in nature restricted	976,617	1,204,074
Total net assets with donor restrictions	\$ 11,678,782	\$ 11,355,171

In addition to the above net assets with donor restrictions, the consolidated statements include net assets of the respective supporting foundations. See Note 4. The FH, LHM and LSS Foundations each have a separate and independent board that governs the use of the respective net assets for the respective agency. Net assets with donor restrictions that are perpetual in nature are held at the respective supporting foundations and are restricted in perpetuity by donor.

Note 9-Net assets with donor restrictions - continued

Fulfilling Housing and several MOMI entities entered into capital advance agreements with HUD under the Section 811 Supportive Housing Program. The capital advances bear no interest and are not required to be repaid as long as the related housing projects remain available to eligible, very low-income, disabled households for a period of 40 years in accordance with Section 811. Failure to comply with HUD requirements would result in HUD requiring repayment of the entire capital advance outstanding plus interest since the date of the first advance. Management of Fulfilling Housing and MOMI intends to comply with the requirements of Section 811 and considers the likelihood of repayment to be remote. These amounts have been included in net assets with donor restrictions at December 31, 2022 and 2021 and will be reclassified to net assets without donor restrictions after the 40-year restriction has expired.

Note 10-Net service revenue

Total net service revenue for the years ending December 31 consists of the following revenue streams:

	2022	%	2021	%
ICF/IID	\$ 20,852,049	67%	\$ 20,397,674	67%
Supported living	7,578,205	24%	7,543,603	25%
Day habilitation	1,882,966	6%	1,506,704	5%
Counseling and therapy	560,868	2%	800,134	2%
Other services	312,122	1%	222,293	1%
Total net service revenue	\$ 31,186,210	100%	\$ 30,470,408	100%

Note 11-Retirement plans

Defined contribution plans

FMHM, LHM, and LSS have 403(b) defined contribution pension plans which covers employees who meet certain eligibility requirements. Under the provisions of the plans FMHM, LHM, and LSS make contributions matching half of each employee's contributions up to 3%, 2%, and 5% of the employee's annual compensation, respectively.

Contributions to the plans totaled \$177,041 and \$175,573 for the years ended December 31, 2022 and 2021, respectively, and are included in employee benefits on the consolidated statement of functional expenses.

Multiple employer defined benefit plan

Prior to January 1, 2004, LSS's employees participated in a multiple employer defined benefit pension plan sponsored by the United Way of Greater Toledo (the Plan), a multiple employer defined benefit pension plan sponsored by the United Way of Greater Toledo. Effective January 1, 2004, the United Way of Greater Toledo amended the Plan to freeze participant benefit accruals as of December 31, 2003.

As of January 1, 2021 (the most recent valuation available) the fair value of the Plan's assets exceeded the actuarial present value of the Plan's accumulated benefit obligations. Although the present value of benefits was less than assets, the Plan administrator required contributions from participating affiliates in both 2022 and 2021. Contributions in future years may be required in order for the Plan to meet required minimum funding levels. In addition, LSS may be required to provide additional funding to the extent that other participating employers do not meet their funding obligations.

LSS's allocated share of the minimum required contribution was \$7,799 and \$8,823 for the years ended December 31, 2022 and 2021, respectively. These amounts are included in employee benefits on the accompanying consolidated statements of functional expenses. The liability, presented on the consolidated statements of financial position in accrued compensation and related liabilities, was \$18,333 and \$19,381 as of December 31, 2022 and 2021, respectively.

Note 11-Retirement plans – continued

Multiemployer defined benefit plan

LHM contributes to a multiemployer defined benefit plan for employees covered under union collective bargaining agreement. LHM made contributions to this plan of \$39,994 and \$47,928 for the years ended December 31, 2022 and 2021, respectively. While contributions are based on fixed hourly rates, federal laws (the Employee Retirement Income Security Act of 1974 as amended by the Multiemployer Pension Plan Amendments Act of 1980) impose certain contingent liabilities on contributors to multiemployer plans such as this.

In the event of withdrawal from the plan and under certain other conditions, a contributor to a multiemployer plan may be liable to the plan in accordance with formulas established by law. The position of LHM relative to other contributors to the multiemployer plan has not been determined with respect to plan assets and accumulated benefits.

LHM's participation in the multiemployer plan for the years ended December 31, 2022 and 2021 is outlined in the table below. The "EIN/PN" column provides the Employee Identification Number (EIN) and the three-digit plan number (PN). The most recent Pension Protection Act zone status available for 2022 and 2021 is for the plan years as indicated below. The zone status is based on information that LHM received from the plan and is certified by the plan's actuary. Among other factors, plans in the red zone are generally less than 65 percent funded, plans in the yellow zone are between 65 percent and 80 percent funded, and plans in the green zone are at least 80 percent funded. The "FIP/RP Status Pending/Implemented" column indicates whether a financial improvement plan (FIP) or a rehabilitation plan (RP) is either pending or has been implemented. In addition to regular plan contributions, LHM may be subject to a surcharge if the plan is in the red zone. The "Surcharge Imposed" column indicates whether a surcharge has been imposed on contributions to the plan. The last column lists the expiration date of the collective bargaining agreement to which the plan is subject.

			Protection ne Status			outions .HM		
Pension Plan	EIN/PN	2022	2021	FIP/RP Status Pending/ Implemented	2022	2021	Surcharge Imposed	Expiration Date of Collective Bargaining Agreement
SEIU National Industry Pension Plan	52- 6148540	Red	Red	Yes		\$47,928	Yes	09/30/2025

Note 12-Governmental relief for COVID-19

The Organization received funding from multiple governmental sources in response to the COVID-19 pandemic, including funding from State of Ohio House Bill 169 (HB 169) for a one-time Medicaid provider relief payment. Payments made to the Organization under HB 169 are to be used exclusively for compensation for direct care staff. The revenue recognized from HB 169 is considered a contribution in accordance with ASC 958-605. Management of the Organization believes that the eligibility requirements to qualify to receive the funding have been met and accordingly the revenue has been recognized.

In addition, the Organization has received funding from the Department of Health and Humans Services (DHHS) through the Provider Relief Fund (PRF) program. PRF distributions are considered contributions in accordance with ASC 958-05 and revenue is recognized as expenses are incurred and conditions for funding are met. PRF distributions are not subject to repayment provided the Organization is able to attest to and comply with the terms and conditions of the funding, including demonstrating that the distributions received have been used for qualifying expenses or lost revenue attributable to COVID-19, as defined by the DHHS.

At December 31, 2022 a balance of \$156,111, was in deferred revenue related to provider relief funds not utilized for 2022 or prior. The Organization has through December 31, 2023, to utilize these funds under the requirements for uses under DHHS.

Revenue recognized for governmental relief for the years ended December 31 on the consolidated statement of activities and changes in net assets is as follows:

		2022		2021
HB 169		\$ 2,978,420	 \$	0
Ohio Department of Developmental Disabilities		0		357,259
DHHS Provider Relief Fund – CARES Act		825,154		4,956
	Total	\$ 3,803,574	\$	362,215

Management monitors compliance with the terms and conditions of the funding, which are complex and subject to interpretation and change. The funds are subject to government oversight, including potential audits.

Note 13–Employee Retention Credit

The CARES Act contained provisions for an Employee Retention Credit (ERC), which is a refundable payroll credit. The organization recorded \$6,342,605 for the year ended December 31, 2021, in other income on the consolidated statement of activities and changes in net assets. During 2021, \$1,646,657 of the refund was received. As of December 31, 2022, and 2021, the remaining \$4,705,948 and \$5,034,882, respectively, of the refund requested is presented as Employee Retention Credit receivable on the consolidated statement of financial position. The revenue recognized from the ERC is considered a contribution in accordance with ASC 958-605.

Note 13-Employee Retention Credit - continued

Management of the Organization believes that all conditions and eligibility requirements to qualify to receive the credit have been met. The terms and conditions governing the ERC are complex and subject to government oversight, including potential audits. As of June 2023, the Organization received payment in full for all outstanding Employee Retention Credit receivables recorded as of December 31, 2022.

Note 14-Leases

The Organization leases certain office space and equipment under long-term, non-cancelable operating lease agreements, that expire at various dates through March 2028.

The following table provides quantitative information concerning the Organization's leases:

	 2022
Lease costs	
Operating lease costs	\$ 31,713
Total lease costs	\$ 31,713
	_
Other information: Operating cash flows from operating leases	\$ 31,713
Right-of-use assets obtained in exchange for new operating lease liabilities	\$ 122,420
Weighted-average remaining lease term – operating leases Weighted-average discount rate – operating leases	4.2 years 4.96%

The Organization classifies the total undiscounted lease payments that are due in the next 12 months as current. A maturity analysis of annual undiscounted cash flows for lease liabilities as of December 31, 2022, is as follows:

Year ending December 31,	Operating leases		
2023	\$	26,877	
2024		26,877	
2025		24,337	
2026		11,637	
2027		11,637	
Thereafter		2,909	
Total lease payments		104,274	
Less: interest		(10,178)	
Present value of			
lease liabilities	\$	94,094	

The Organization elected to apply the provisions of FASB ASC 842 to the beginning of the period of adoption. Lease disclosures for the year ended December 31, 2021, as presented below, are made under prior lease guidance in FASB ASC 840.

Note 14–Leases – continued

The Organization had operating leases for an office building and equipment as of December 31, 2021. Total lease payments under these operating leases were \$40,200 for 2021. Future minimum rent commitments under these leases as of December 31, 2021 were as follows:

Year ending December 31,	Operating leases	
2022	\$	33,910
2023		3,454
2024		1,439
Total lease payments	\$	38,803

Note 15-Liquidity and availability of financial assets

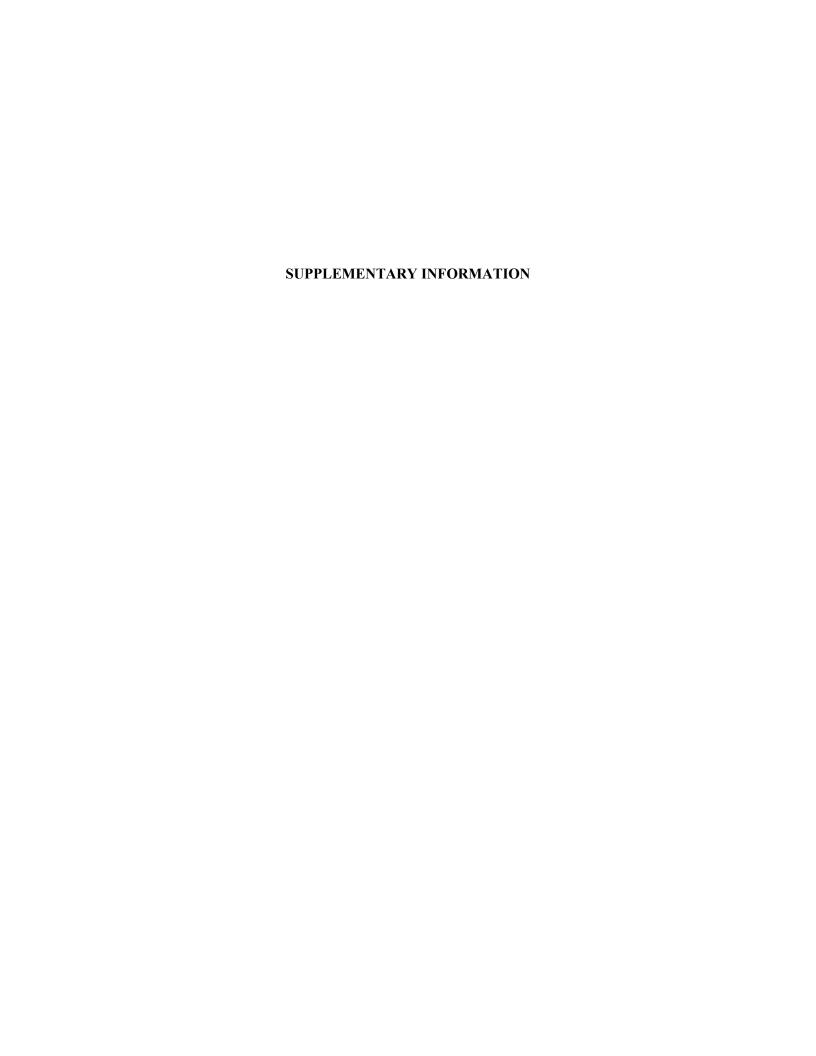

The Organization's financial assets available within one year of the statement of financial position date for general expenditures are as follows at December 31:

	2022	 2021
Cash and cash equivalents	\$ 1,543,372	\$ 2,234,595
Net service accounts receivable	3,505,618	3,467,291
Other accounts receivable	247,931	213,159
Accounts receivable from supporting foundations	476,707	635,583
Investments	3,262	 3,262
Total	\$ 5,776,890	\$ 6,553,890

Supporting foundations maintain certain investments that may be requested to meet operational needs of their respective Organizations. In addition to the Organizations have available lines of credit available, see note 6, which could be drawn upon and advanced to the Organization in the event of an unanticipated liquidity need.

Note 16-Risks and uncertainties

The Organization operates in a heavily regulated environment. The operations of the Organization are subject to the administrative directives, rules, and regulations of federal, state, and local regulatory agencies including, but not limited to, HUD. Such administrative directives, rules, and regulations are subject to change by an Act of Congress, or an administrative change mandated by any regulatory agency. Such changes may occur with little notice or inadequate funding to pay for the related cost, including the additional administrative burden, to comply with a change.
